3. In this connection, it is to be mentioned that as on date, the existing vacancies of EE/Mech. is **4 nos.** and expected vacancies which will arise shortly due to the promotion of EE /Mech. as SE/Mech. is **4 nos.** Further, it is expected that another 4 to 8 EE/Mech. posts will arise due to the creation of new posts in Project wing after commissioning of the NCTPS III. Hence, total approximate vacancies in near future will be around 12 to 16 nos.

4. The validity of the existing panel is upto 10.12.2021 and only 3 nos. are left over in the existing panel against the 12 to 16 nos. expected vacancies in the near future.

Considering the above issues, to fill up the forthcoming vacancies for smooth functioning of TANGEDCO Power Stations, the Association has requested that a **Supplementary Panel** for atleast 20 Engineers of AEE/Mech. may be issued from the suitability list already called for promotion from AEE/ Mech. to EE/ Mech.

Thank you

Yours Sincerely,
