Tamil Nadu Electricity Board Engineers' Association

(Recognized in G.O. No.854 dated 06-04-1946)

Regn. No.217/94

It is learnt that now around 180 vacancies are available in respect of AEE(Electrical) which are being looked after as additional charge by the nearby subdivision AEEs. Further 50 vacancies are expected on AEE to EE (Electrical) promotions.

The necessity of filling up the vacant AEE posts is very much crucial for the board to maintain the uninterrupted supply as well as to take care of individual health as these vacancies are looking after by the nearby Engineers as additional charge for long period.

As the code of conduct for the local body election was lifted off, TNEBEA requests to fill up the vacancies for the balance 156 AEs with the existing vacancies and call up for the fresh panel for the balance direct recruited assistant engineers of 2008 batch.

Hence, TNEBEA therefore requests our CMD to kindly arrange to expedite the promotions to the balance Engineers of 2008 batch at the earliest please.

Thanking you Sir,

In this connection, it is to be mentioned that as on date, the existing vacancies of EE/Mech. is **4 nos.** and expected vacancies which will arise shortly due to the promotion of EE /Mech. as SE/Mech. is **4 nos.** Further, it is expected that another 4 to 8 EE/Mech. posts will arise due to the creation of new posts in Project wing after commissioning of the NCTPS III. Hence, total approximate vacancies in near future will be around 12 to 16 nos.
4. The validity of the existing panel is upto 10.12.2021 and only 3 nos. are left over in the existing panel against the 12 to 16 nos. expected vacancies in the near future.
