Vanakkam,

TNEBEA liked to thank our respected CMD and the Secretary for fulfilling the long pending issue of PG increments and for issuing suitable orders.

In this connection, we wish to point out certain ambiguities in the order and requested for early rectification.

1) The order mentioned about approval on case to case basis. However, TNEBEA suggests that instead of case to case basis, the secretariat branch may segregate the applications already received from the field into University wise, course wise and year wise and may issue bulk blanket orders for those who have satisfied the criteria mentioned in the above order.

This may reduce considerable time and workload of Secretariat staff.

2) It is to be pointed out that all the deemed to be universities are issuing M.Tech degrees and only Anna University affiliated colleges are issuing M.E degree. Hence, PG increment may be issued to the branch approved in the committee list irrespective for a M.E or M.Tech degree, Since both are one and the same.

3) Further, we wish to state that PG increments have been denied to some of the Superintending Engineers who have completed their PG courses during their Executive Engineer tenure and later promoted as Superintendent engineers.

Hence, we request that the said engineer, are no way responsible for delay in issuing orders by the management and we request that their case may also be considered for favorable and suitable sanction orders please.

Your early action in the regards is much solicited.

Regards,

Yours faithfully,

(T. JAYANTHI)
General Secretary
